Technical Skills

Python
Java
HTML/CSS
JavaScript
SQL
IT Operations

Soft Skills

Eager to learn
Curiosity

Team Player
Adaptability

Other Software / Tools

Microsoft Office Suite
Adobe Photoshop
Terminal
Git
Docker

Languages

English ★★★★★
Dutch ★★★
French ★
Arabic ★★★★★

Hobby

Sport, swimming and reading

SUMMARY

Analytical-minded data scientist, proficient with machine learning and deep learning algorithms, especially dealing with computer vision. I am curious to learn and contribute my knowledge with my team to find the best solutions for the project and I am always ready to take on challenges in order to develop my skills.

EXPERIENCE

Training AI data operator - Bencode.org 2/2022 – 9/2022

Worked on team projects for different companies (Accenture, ArcelorMittal and KPMG) and solo projects within deadlines, which improved my skills.
Projects:

Emotion detection, solo project:

Built a real-time classification model to detect emotions from image data using convolutional neural networks.

Data collection (Immoweb), team project:

Scraped housing data and built a regression model which was deployed on the web using Flask.

Data analysis on the cloud, Accenture Project:

Built a dashboard that displays business insights from restaurant data for the customer using Power BI.

Coils constriction during rolling, ArcelorMittal project:

Cleaned and processed raw data, applied supervised machine learning models, and parameter optimization.

Tax documents, KPMG project:

Scraped legal content from the web and performed text analysis using NLP.

Python libraries

Beautiful Soup, Selenium, NumPy, Pandas,
Seaborn, Scikit Learn, Flask, TensorFlow, Keras, OpenCV
Pillow, NLTK, SpaCy, Genism, BERT

COURSES

- ICT Programming – CVO Groeipunt in Ghent, Belgium 2020 – 2021
 - Start to program (Python)
 - Specific development environment: simple function (Java)
 - Specific development environment: complex functionalities (Java)
 - Database Management

EDUCATION

- Bachelor's degree, Software Engineering 2004 - 2008
Al-Rafidain University College in Baghdad / Iraq
